

Tired of skiing or just feel like trying something ? Then we have an offer for YOU !

Countryfisher is offering guided ice fishing tours on Arctic char, trout, perch and burbot. Do not miss this chance to explore a unique and different experience on your ski tour but tryout one of our guided tours every Saturday and Sunday :

Morning tours :

Meeting time 8:00 AM at the wooden bear in Sveg.
Fishing starts at around 9 AM and will be located at Hundsjøn, Stråsjøn, Kårtjärn or Akertjärn.

On the tour you bring your own food and drinks, but we can also setup a small campfire if needed where you can do your own barbeque.

Fishing ends at around 12 PM.

Day tours :

Meeting time 8:00 AM at the wooden bear in Sveg.
Fishing starts at around 9 AM and will be located at Hundsjøn, Stråsjøn, Kårtjärn or Akertjärn.

On the tour you bring your own food and drinks, but we can also setup a small campfire if needed where you can do your own barbeque.

On day tours we will bring special ice fishing tents each spaced for 4 people.in case of extreme cold or bad fishing conditions. In the tents we also have a gas oven for heating if needed.

Fishing ends at around 3:30 PM.

Additional info :

Because it can be quite cold when fishing on the ice (that's when the fish strikes the best !) we recommend people to dress properly wearing warm clothes and boots capable of handling – 20 degrees.

We bring all equipment needed like ice auger (drill) rods all included in the price for the tour. You might also want to bring a folding chair since it's cold sitting directly on the ice.

Registration and information on prices :
